DATE MAILED:

**Please find below and/or attached an Office communication concerning this application or proceeding.**

**Commissioner for Patents**

The response filed on 12/16/2004 to the restriction/election requirement is incomplete insofar as an additional species election was requested and the elected invention of Group I yet contains claims to both temporal (delay-and-sum and/or with complex coherent signal addition) and fewquency domain beamformation.

A shortened statutory period of 30 DAYS is extended to comply with the species election requirement.

  
**Francis J. Jaworski**  
**Primary Examiner**
